"Pretend"

Pretend you're happy when you're blue
It isn't very hard to do
& you will find happiness without an end if you'll
pretend

Remember, anyone can dream
& nothing's bad as it may seem
The little things you haven't got could mean a lot if
you'll pretend

Bridge:
You'll find the love you can share
& you can call your own
Just close your eyes, it be there
You'll never be alone

& if you sing this melody
You'll be pretending just like me
Well, what's mine, it can be yours, my friend
So why don't you pretend?

(instrumental)
(repeat bridge)
(repeat verse 3, then repeat its last line twice)
