When we were young we used to sing  
And we could feel the harmony  
You'd sit there waiting in the wings  
How long have you been waitin' to let your light shine?

Many years have gone since then  
Seen us go our different ways  
But now we sit here once again  
Tonight we're gonna sing out, tonight our light will  
shine.

This is the time and place  
To bring out our memories  
It's written on every face  
I can see it in you, you can see it in me.

In all the years we had  
As part of a family tree  
We knew the good and bad  
I can see it in you, you can see it in me.

I know it's left it's mark on you  
I see the same things in myself  
You know there's nothin' we can't do  
We've been a long time waitin', but some things never  
die.

It's time to leave all that behind  
It's time to lay that ghost to rest  
We can't deny the ties that bind  
Tonight we're gonna sing out, tonight our light will  
shine.

This is the time and place  
To bring out our memories  
It's written on every face  
I can see it in you, you can see it in me.

In all the years we had (when we were young we used  
to sing)  
As part of a family tree (we could feel the harmony)

We knew the good and bad  
I can see it in you, you can see it in me.

When we were young we used to sing...
