She's so far away, yeah, she's in America  
And the water is wide, I love you, my love  
It's been so long now since we held one another  
You're still a part of my dreams  
You're so far away, remember each day  
It's better this way (yeah)

Let's live in the now, forget about history  
Now you know we can't live in the past, this is reality  
Got no control over the things that happen  
And all the hurt that love can bring  
You're so far away, remember each day  
It's better this way (yeah)

I remember all those times  
We went sailing on the moon  
And love came down to see us  
Everywhere, yes everywhere.

Now it all seems so wrong, that we have to be apart  
But tomorrow we'll walk in the sun, and I'll love you, my  
love  
Together we can write a different story  
That never comes to an end  
You're so far away, remember each day  
It's better this way.

You're so far away, remember each day  
It's better this way (yeah)

You're so far away, remember each day  
It's better this way (oh darlin' darlin' darlin' yeah)

[Fade]  
It's better this way  
It's better this way  
Lov'es gonna grow, love's gonna grow, it's better this  
way
