I was down I was so hung up
Drinkin' whiskey from a paper cup
Can't get out of the mood I'm in
Waitin' for everybody to begin

Turn the wheel, come on real,
Make me feel, just dig your heels, and we can fly.
You made me get up right out my seat
You made me get up and move my feet

You had me moving on down that line
Everything was gonna work out fine
You and me feelin' free
If you'll agree maybe we can touch the sky.

I'm never gonna stop now
You got me feelin' baby
With you on, well, we can make a meal of it
Don't look back, just let yourself go.

We don't have to be afraid of it
Once you know, well, we were made for it
Don't look back, just let yourself go.
(I was down and I was so hung up)

I'm never gonna stop now
You got me feelin' baby
With you on, well, we can make a meal of it
Don't look back, just let yourself go.

We don't have to be afraid of it
Once you know, well, we were made for it
Don't look back, just let yourself go.
(yeah)

Oh, let yourself go
Oh, let yourself go
Oh, let yourself go
Oh, let yourself go
Oh, let yourself go
Oh, let yourself go

Don't look back, just let yourself go.

I was down I was so hung up
Drinkin' whiskey from a paper cup
