

## Gerry Rafferty "Night Owl"

Visit "[Night Owl](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Night comes down and finds you alone  
In a space and time of your own  
Lost in dreams in a world full of shadows.

Down the street the neon light shines  
Offering refuge and hope to the blind  
You stumble in with no thought of tomorrow.

Yes, I get a little lonely when the sun gets low  
And I end looking for somewhere to go  
Yes, I should know better but I can't say no.

Oh no no no  
No no no no

The lights are low and the Muzak is loud  
You watch yourself as you play to the crowd  
One more face in a palace of mirrors.

One more drink, you're sailing away  
One more dream but it's looking ok  
One more time to watch the flow of the river.

Yes, I get a little lonely when the sun gets low  
And I end looking for somewhere to go  
Yes, I should know better but I can't say no.

Oh no no no  
No no no no no no no ooooooh

Yes, I get a little lonely when the sun gets low  
And I end looking for somewhere to go  
Yes, I should know better but I can't say no.

Oh no no no  
No no no no

You've seen it all yeah you've seen it before  
Like a fool you always come back for more  
You live your life like there was no more tomorrow.

Night comes down and finds you alone

In a space and time of your own  
Lost in dreams in a world full of shadows.

Yes, I get a little lonely when the sun gets low  
And I end looking for somewhere to go  
Yes, I should know better but I can't say no.

Oh no no no

Oh no no no

No no no no

No no no no

No no

No no

Oooooooooooh
