Lately, I've been thinking what's a boy to do?
I walked a thousand miles searching it for you
I don't wanna know
I don't wanna know

It's not over, I'm still feeling good
It's not overmisunderstood
And I just turned and walked away
I know

Someone's got me thinking kinda like a kid
I searched a thousand miles and nothing left it hid
I don't wanna know
I don't wanna know

It's not over I'm still feeling good
It's not over misunderstood
And I just turn and walk away
And I know

My thoughts are satisfied
I put them all aside
Where they won't reply

This world is dragging me down
And I'm fooled la da da da da
It's all around you
This girl is wearing me down
And I'm fooled la da da da da
It's all around you

When I see you smiling
I'm kinda like a child
Nothing lasts for ever
Where only here a while

I don't wanna know
I just turn and walk away
