I don't wanna get left behind
I don't wanna get left behind

Verse 1: (Apathy)

Back in 89 I thought that 'caine was nice
That's before they changed to ice
Ruined when some Puerto Ricans fuckin' up some
plates of rice
Learn to rap and slay the mic
Even though my face was white
That's fine I just couldnt relate to most my a alikes
Raps see some politic acts
Aps had a laser sight
Ronald Regan ran the world and showed us what
cocaine was like
Listen to my little razorblade
I bet you say it's tight
Demigodz and Get Busy Committee time to say
goodnight
Later on I fucked with Sega
Darth Vader on Degabo
Raider jackets in 80s fashion
Now they're tryin to bring it back in
More colors than Fresh Prince clothes
I got the fresh dib flows
To knock your souls out your flesh mother fucker
Rattle me that's preposterous
You're Balki Bartokomous
This is Apathy
I'll bury your heads in dirt like your Ostriches
Me and you are opposites
Why your chick is talkin shit
She can get some dick that's about as big as an obelisk

CHORUS:

Keep it movin we don't ever stop cuz
I don't wanna get left behind
Beats are boomin we wont ever stop cuz
I don't wanna get left behind
Keep it movin we don't ever stop cuz
I don't wanna get left behind

Beats are boomin we wont ever stop cuz
I don't wanna get left behind
Uhh

Verse 2: (RYU)

I'm always ahead a step or two
Couple steps ahead of you
Never let up a second
Not even to catch a breath or two
Ryu, typhoon
Body boy, die soon
I can take your life man
(Whenever I decide to)
Drink a 40, cock a.40
Pop a 40, end of story
Send you to Hova
No not the owner of the 40/40
Don Corleonee, nah you fried, you phoney
C'mon you are full of fuckin' baloney
I'm Tom Cruise
Soon as I spot a couple of bogeys I flip the birdie
inverted to any rapper below me
Homey, I'm a dumb fuck
Youth Barnes is nun chucks
Rap is trash so I had to splash on a dump truck

CHORUS:

Keep it movin we don't ever stop cuz
I don't wanna get left behind
Beats are boomin we wont ever stop cuz
I don't wanna get left behind
Keep it movin we don't ever stop cuz
I don't wanna get left behind
Beats are boomin we wont ever stop cuz
I don't wanna get left behind
Uhh
