"Over The Wall"

Visit "[Over The Wall](#)" on MotoLyrics.com

Come together in a relative way
Feel your heart strings and take it away
I am waiting over the wall
I am waiting over the wall

I'm waiting for waiting for that open door
I'm waiting for waiting for that open door
I am waiting over the wall

You won't forgive me
I forgive you
I'm coming home

Hold the phone now I'm coming along
Kevin told me to write you a song
I am waiting over the wall
I am waiting over the wall

I'm waiting for waiting for that open door
I'm waiting for waiting for that open door
I am waiting over the wall

You won't forgive me
I forgive you
I'm coming home [x2]
