I know that you love everybody else  
And I have an opinion.  
But when you sleep with everyone I know  
I get crushed, throw my attention down

How have you been terror?

When you get inside my head I die  
Takes pills numbing the brain and body  
Give up forget it all I don't know why  
Can't stop wrapping around you now

How have you been terror?

I don't care if you dig my body  
I got soul and I'm wearing you down [x3]

I don't care if you dig my body  
Over and over and over and over, yeah
