I just don't know what it was  
And I don't know when it came  
All albatross fighting like a buzz  
Saw and calling my name

I just don't know what it was  
And I don't know when it came  
An albatross fighting like a buzz  
Saw and calling my name

And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown  
And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown

And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown  
And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown

I don't know why I was scared  
I've got the power of speech  
And all the threats and the violence in the world  
Couldn't make me impeach

I don't know why I was scared  
I've got the power of speech  
And all the threats and violence in the world  
Couldn't make me impeach

And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown  
And we were waiting on the back foot  
Waiting on the back foot

Waiting for the monster to drown

And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown  
And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown

And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown  
And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown

And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown  
And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown

Efface, efface, efface, efface

And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown  
And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown

And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown  
And we were waiting on the back foot  
Waiting on the back foot  
Waiting for the monster to drown
