Stumbled out of bed this morning
In the afternoon
Wracked with pain from last night's party
That went well past two
What did I do? I don't remember much,
Do you? What did I do?

I've been thinkin that I've been drinkin
A little more than I should
But sometimes I need a drink to simply help myself to
think and
I can think much better when my lips are a little wetter
Don't you?
Don't you?

Shamefaced, I remember all the things I did last night
Told some girl I'd love her always and I'd treat her right
But I know that I won't because I'm too fucked up
tonight
Like every night

I've been thinkin that I've been drinkin
A little more than I should
But sometimes I need a drink to simply help myself to
think and
I can think much better when my lips are a little wetter
Don't you?
Don't you?

I'm looking for a way out
But my mind is plagued by doubts and I don't know
what to do
I'm looking for a way out
But my mind is plagued by doubts and I don't know
what to do
I'm looking for a way out
But my mind is plagued by doubts and I don't know
what to do
I'm looking for a way out
But my mind is plagued by doubts and I don't know
what to do

I've been thinkin that I've been drinkin
A little more than I should
But sometimes I need a drink to simply help myself to
think and
I can think much better when my lips are a little wetter
Don't you?
Don't you?
