The slaving dawn is upon us
The time is not quite known
The gathering of all these shadows
Is blocking out the sun
Security from reality
Is all we ask in return

Vaulting over the familiar
And jumping all the hate
This is the year we will
Wait at the gate
Show us what your made of
With fake appearance viewed
Slashing all your tires
We're laughing and bemused

For all we hear is white And all we see is black The mice will flee While the elephants chase Razored and tasered

For all that we love

Vaulting over the familiar
And jumping all the hate
This is the year we will
Wait at the gate
Show us what your made of
With fake appearance viewed
Slashing all your tires
We're laughing and bemused

## LET'S BREAK IT DOWN!!

Vaulting over the familiar
And jumping all the hate
This is the year we will
Wait at the gate
Show us what your made of
With fake appearance viewed
Slashing all your tires

## We're laughing and bemused
