Before I start this
I cant seem to find a reason
To play it out and
Let all this pass
Ill conquer all who
Show me their way
And stick the flag straight in their heart

Deeper deeper
(Im always trying to)
Teach her teach her
(Lets grip this all we can)
Please her please her
(Well take it all the way)
Deeper deeper
(Im always trying to)
Teach her teach her
(Lets grip this all we can)
Please her please her
(Well take it all the way)

Lets turn off these lights
Dont let our eyes adjust
Well sit back and
Let fate pass
Sit next to me
Let the good times roll
What happens, happens, and
We cant let that change

Deeper deeper
(Im always trying to)

Teach her teach her
(Lets grip this all we can)
Please her please her
(Well take it all the way)
Deeper deeper
(Im always trying to)
Teach her teach her
(Lets grip this all we can)
Please her please her

(Well take it all the way)

All of that we show
(Believe those things that)
We would always know

Deeper deeper
(Im always trying to)
Teach her teach her
(Lets grip this all we can)
Please her please her
(Well take it all the way)
Deeper deeper
(Im always trying to)
Teach her teach her
(Lets grip this all we can)
Please her please her
(Well take it all the way)

Well take it all the way
Well take it all the way
