[ verse 1: willie d ]

No sooner than I walk in the club I'm gettin love from  
the masses  
Women admirin my baldhead and glasses  
They makin passes, I see they asses, I'm gettin flirty  
I got that liquor in my system plus I'm wild and dirty  
In my pockets is tickets for the rockets  
Million dollar nigga from the projects  
I see no logic in niggas' hate when I ride past  
My .45 sing lullabyes to they tired ass  
See me, I be a candidate for bustin  
Don't fuck around unless you ready for the  
repercussions  
Baby blushing, she drives a benz, but I handle em all  
Sophisticated as fuck, and she ain't wearin no drawers

[ verse 2: scarface ]

I met the broad in the parking lot, riding a 'stang  
Pulled her way up to her parking spot, the escalade  
She hesitated for a minute, then she finally stopped  
When she seen a nigga hollerin at her ridin a drop  
Out her car to my passenger side the bitch came  
Say she in a hurry this time, but no thang  
Here's the pager number, I can call at night  
Rarely ever beeped a bitch, but this broad was tight  
Better yet got the cellular number, she seemed  
changed  
Diamonds 'bout the size of a dime, and these thangs  
Tend to to em open, no question and one reason  
That diamonds be a girl's best friends, so I treat them  
Like bitches

[ verse 3: tela ]

These bitches I be doin in, hoes I be screwin, and  
If she talk about her friends, then I probably flew em in  
What's a man troublin, like fuckin in a bubble benz  
With her hair in the wind, sittin up from the rim  
Gettin ? ? ? , plenty room, it was in the month of june  
I was on promotional, she was into trickin dudes  
I'm no dude, or no guy, but I can fuckin get you high  
I won't tell you any lie, I don't play with any mind  
She know about the l-o-t and how we roll

She know about the l-o-t and say we all cold  
We can keep this on the we-know, we meet back in rio  
My bitch and my ho, my half-black philipino  
You know  
Come on
