Days of Hunger won't you buy them for me  
In my comfort, I'm too easy and pleased  
And no strangers can burst inside through the breaks

Days of hunger won't you let them be free  
Because we need them to sing a sad memory  
In my heart now is where I want you to be

Falling leaves have left the tree  
And it's naked for all to see  
How I wish that I could be

Oh don't worry don't you worry for me  
One bright morning so together we'll be  
As my hunger sends my boat to the sea

Falling leaves have left the tree  
And it's naked for all to see  
How I wish that I could be

Days of Hunger won't you buy them for me
