Well I dreamed of you my love

On that grassy hill of mine

Where there's no one that knows me around

And we parted long ago

Hope you still recall my name

'Cause I have traveled miles now

Trying to forget

And I long to see you just one more time

And I wish to ask you back into my life

I will be around you if you'll have this dreaming child

I will be with you girl somewhere far in time

And the night was cold and rainy

In that grassy dream of mine

I saw you fading out in the dark

And every time that I feel lonely

I wish that you would come

And in your eyes I'll wonder

Like I did that night

And I want to see you just one more time

Those dreams are mirrors

To what I see in myself

And I was a young boy

Who let you walk away

It's like it was just yesterday
And I long to see you just one more time

And I wish to ask you back into my life

I will be around you if you'll have this dreaming child

I will be with you girl somewhere far in time
