Well you want me to kiss your ass
Well bend over, buddy, here comes my foot
I don't need your cry ass shit
Temper's rising, take a fit

Bite it you scum
Bite it you scum
Bite it you scum - Here I come
Bite it you scum

Well you want me to contribute
All I got is blood for you
All you want is more and more
Gluttony, you pig you whore

Bite it you scum - Here I come
Bite it you scum - I want your cum
Bite it you scum - Um, yum
Bite it you scum

One day when your end is near
I'll be laughing at your fear
When you're gone there'll be no one

Who'll be fucking up my fun - No one

Bite it you scum
Bite it you scum - Here I come
Bite it you scum - I'm never gonna run
Bite it you scum

Bite it you scum
Bite it you scum
Bite it you scum - Here I come
Bite it you scum
Bite it you scum
Bite it, bite it, bite it, bite it
Bite it, bite it, bite it, bite it
Bite it, bite it, bite it you fucking scum
Bite it you scum fucking sucking whore
