Don't ever trust authority
Pigs, parents and our society
You've got to play by your own set of rules
Fuck the law, Fuck the law, Fuck the law
Burn the fuse.
Mr. Pig man you are nothing
Nothing... concealed behind your badge
Always snorting out lies, and deceits
Pawn the way, pawn the way to your boring society.
Fuck authority, fuck authority.
Kill the president and a seniority.
Fuck authority, fuck authority.
Lets murder a society!
Little pig man behind judge's robe.
I can't wait to see you die.
You piece...
You piece of puppet property shit.
You're nothing but a lie so full of shit.
If you live nothing, you are nothing.
Dissolved by the stagnated masses.
I say it's time to say "Fuck The Law!"
Kill, kill, kill
Kill their motherfucking asses.
Fuck authority, fuck authority.
Kill the president and a seniority.
Fuck authority, fuck authority.
Lets murder in society.
'Cause when I fall...
Because when I fall, I fall hard.
Going down with everything.
Going down with everything that I am.
