Up all night, drunk all night
Just give me another light
Another girl, another world
Another night, another fight
Play my music, play it loud
Start a riot in a crowd
Do what I want and nothing less
People say I'll never last
Gonna have my fun right now
Better die young than go that way
Some people say that I'm bad news
Lock him up, don't turn him loose
Put me in a padded cell
'Cause I'm the God of fire in Hell

Here I go, another time
Putting my life on the line
Party hard, play for keeps
Cut my skin until it bleeds
Find an alley, spend the night
Wake up in a daze of light
Do what I want and nothing less
People say I'll never last
Gonna have my fun anyway
Better die young than go that way

Some people say that I'm bad news
Lock him up, don't turn him loose
Put him in a padded cell
He's the God of fire in Hell

Up all night, drunk all night
Drive my car, drive it fast
Put my foot down to the gas
Start a fire, in a craze
You'll never put me in a cage
Do what I want and nothing less
People say I'll never last
Gonna have my fun anyway
Better die young than go that way
Some people say that I'm bad news
Lock him up, don't turn him loose

Put him in a padded cell
'Cause he's the God of fire in Hell
