It's midnight, it feels right  
To kill my father tonight  
It's midnight, and it's ripe  
To rape my mother tonight

I'm your creating gone awry  
I'm destination fueled by hate  
I'm cold and uncaring as I laugh in your face  
Mommy and Daddy as I kill and I rape

It is my fate to murder you  
Your teachings are as lame as you  
I have no desire to be like you  
Goodbye, your through

It's midnight, it feels right  
To kill my father tonight  
It's midnight, and it's ripe  
To rape my mother tonight

I am your son, the savaged soul  
Burning hot, but feeling cold  
The fire in my eyes says you've got to die

Mommy and Daddy must die tonight

It is my fate to murder you  
Your teachings are as lame as you  
I have no desire to be like you  
Goodbye, your through

I'm your creating gone awry  
I'm destination fueled by hate  
I'm cold and uncaring as I laugh in your face  
Mommy and Daddy as I kill and I rape

It is my fate to murder you  
Your teachings are as lame as you  
I have no desire to be like you  
Goodbye, your life is through
