Stand up, it's time to rise  
It's time for revenge, opposition must die  
Chaos, violence, revolution now  
We are the real rock 'n' roll underground

Shoot, knife, strangle, beat and crucify  
These are the 5 laws of the jungle that I live by  
You locked me up in prison on the inside  
Now it's time to shoot, knife, strangle, beat and crucify

Shoot, knife, strangle, beat and crucify  
I believe in eye for an eye  
Your rehabilitation backfired from the inside  
Now it's time to shoot, knife, strangle, beat and crucify

Stand up, it's time to rise  
It's time for revenge, opposition must die  
Chaos, violence, revolution now  
We are the real rock 'n' roll underground

Stand up, it's time to rise  
It's time for revenge, opposition must die  
Chaos, violence, revolution now  
We are the real rock 'n' roll underground

Shoot, knife, strangle, beat and crucify  
I am the guy, the one you tried so hard to fry  
But I was strong, you couldn't take my mind  
Now it's time to shoot, knife, strangle, beat and crucify

Shoot, knife, strangle, beat and crucify  
These are the 5 laws of the jungle that I live by  
You locked me up in prison on the inside  
Now it's time to shoot, knife, strangle, beat and crucify

Stand up, it's time to rise

It's time for revenge, opposition must die  
Chaos, violence, revolution now  
We are the real rock 'n' roll underground
