Don't be told what to do
Don't compromise for useless fools
Confront the enemy, never run
Just cock that loaded gun

If your a young gun waiting to go off
Take aim and fire
If your locked up inside, ready to explode
Take aim and fire

Don't be told what to do
Don't compromise for useless fools
Confront the enemy, never run
Just cock that loaded gun

If your feeling confused with a burning fuse
Take aim and fire
If your ready to kill, it's no big deal
Take aim and fire

Your blood stained memory means nothing to me
I'd rather die on my feet than live on my knees
These years have fed my fires of hate
Now it's time to activate

Take aim, take aim
Take aim and fire!

Take aim, take aim, take aim
And fire! And fire! And fire!
And fire! And fire! And fire!
Fire! Fire! Fire! Fire! Fire! Fire! Fire!
