She's a very Beasty Girl  
The kind you don't bring home to mother  
She will always let your feelings down  
Wants you tell she's ugly  
She likes the donuts with no holes  
She says sprinkles are her favorite  
When I make my way to the store it's the wrong time  
She's never hard to please  
That girls pretty beasty  
That girls a super beast  
The kind of girl you read about  
In a elephants magazine  
That girl is kinda Beasty  
That girl a super beasty  
I really love I can out run her  
That girls a super beast  
She scares me She scares me  
She really scares me, yeah  
She's a super beast super beast  
She's super beasty, yow  
Super beast super beast
