You ain't heard the last of me

Them No Limit Soldiers down to blast for me

I'm no stranger to danger

Ain't no fear in my heart

I'm the one in the chamber

Known as the ghost in the dark

You ain't heard the last of me

Them No Limit Soldiers down to blast for me

I'm no stranger to danger

Ain't no fear in my heart

I'm the one in the chamber

Known as the ghost in the dark

Its that slant eyed nigga from Pep who done gave his
last warning

That if you fuck around wit me your fuckin family
mourning

I'm serious

I'm on that mission

Taking niggaz position

Was brought up hustlin and head bustin somethin
against yo religion

My entourage is ghetto niggaz thats been trained to
flex wit triggaz

Tottin A-K's and explosives straight puttin niggaz in
half like Moses

Niggaz start pushin roses

If they fuck wit this soldier

Son I'll smoke you like doulja

and break you down like a boulda

Its that down south heat holda leavin you blood clot

from a slug shot

Fuck a leg shot

or a head shot

Won't stop til I see red spots

They call the people they would run if they smart

Cause of a murder that can't be caught

The fuckin Ghost in the dark

You ain't heard the last of me

Them No Limit Soldiers down to blast for me

I'm no stranger to danger

Ain't no fear in my heart

I'm the one in the chamber

Known as the ghost in the dark

You ain't heard the last of me

Them No Limit Soldiers down to blast for me

I'm no stranger to danger

Ain't no fear in my heart

I'm the one in the chamber

Known as the ghost in the dark

They call me cast wit a body snatcha ghost in the
darkness

Trained to be heartless

and be release my rapture on my target

I travel at the speed of light and holla BLOCKA when Im
comin

Niggaz depend on me when it's time for redrumin
somethin

I can your worst nightmare or your closest nigga

Im the motherfuckin round hopin you pull the trigga

I got murder on my mind so please aim and squeeze

So I can make our motherfuckin enemies bleed

Now it's the Phantom that bust at random wit 6 slugs

Wit the blood shot runna runnin wit the ghost from
Pepper (HOLLOWWAY!)

In the streetz at midnight we meet

the unlivin versus the weak

the flammable against the heat (RESPECT THE FLAME)

I hear church bells ringin at the Graveyard

While Im jackin niggaz in the project wit Machetes
leavin my trademark

They know Im comin but they can't see me

They feel my presence but they can't kill me

Cause Im a ghost immortal 'g' see

You ain't heard the last of me

Them No Limit Soldiers down to blast for me

I'm no stranger to danger

Ain't no fear in my heart

I'm the one in the chamber
Known as the ghost in the dark
You ain't heard the last of me
Them No Limit Soldiers down to blast for me
I'm no stranger to danger
Ain't no fear in my heart
I'm the one in the chamber
Known as the ghost in the dark
