Dont tell me prepare, im the one who gave p the

None of yous cared before he said my name,
Ok im leavin it there.
I aint gonna lie this boys evolved,
Hes come along way from coins to notes,
And little d keeps sendin for deaths, dont worry bout
that ill destroy them both,
Blacks and every one of his boys involved,
Nobody aint gonna be avoidin blows,
When i let off, ill lick p moneys head off.
Im a serial killer hes kelloggs,
Ill put man to sleep like.. i be the guy that he bought his
bed off.
His fans say .. i fell off,
I wanna know what boat theyre fresh off.
Im undisputed like lenux,
Comin at me when i make sick bars,
Its like tryin to mix ya one deck off.
You must be well off your head, im 10 steps ahead of
every direct get left when i let off,
Dont say p's goin in hes just a guy you expect less of.
When i bar, alarms i set off.
I told em im colder than poland, throws from my body
could freeze a whole ocean,

Stone cold no i dont show no emotion, only when i flow
when i go win on ana oponent,
Alot of mcs are alright, im cheese when its dry, overly
potent,
P spent 09 sending for me and the fans wanna know
why nobodies spoken,
And a few of them are losing faith in gh so i gotta
remind them why i,
Will humiliate any mc tha lie, with a reply to guys with a
mic in my right,

Its a nightmare for dem, them mana plints so some
night cares for dem,
Whos info stand right there with dem, im hearin men
talk like im scared to send,
Thats certain aint so, and i swear revenge, yeah ive

been low but im here again.
Some say that im a mess or never, others say that im
right neer my end,
Im like yeah, yeah and yeah again, litterally yeah and
yeah again.
They all compare me to somebody else but im the only
one you hear again.
Your obsessed with fruit and veg, what the fuck could

Bad move ya cant speak like ??cara?? moved ya bed,
..... ... but i aint gonna lose my head,
Id rather shoot instead, ill take niggers out, take
