Molly:

here right now

here right now

This is what we're living for

this is when we give into the moment and let go

here right now

everything we're dreaming of

is coming through if we step up and own it let it flow

Sam:

seems like we waited forever

i know we're gonna get there if

we hold on tight

we've come a long way together

we'll just keep getting better still

make the future bright

M,S:

here right now

here right now

this is where we make it everything we'll ever need

here right now

here right now

this is where we take it to the place we want to be

one foot in front of the other

we'll just keep getting closer if

Molly: this is why we gave it everything we have and more

Sam: we take it

as long as we stay together

we'll just keep getting better til

Molly: it really doesn't matter what comes after or

before FUCKING KEY CHANGE FRAN

Sam: we get there

Carl:  
time keeps running on  
we can be sure  
i know that once it's gone  
we won't get more

All:

why can't we slow it down  
til it's enough

Molly: so we'll be safe in the here and now

M,S: this is where we keep our love

12 bar rest

S,C: some day  
Molly: here right now

S,C: some way  
Molly: here right now

S,C: somewhere  
Molly: this is where we make it into what it's meant to  
be

S,C: sometime  
Molly: here right now

S,C: somehow  
Molly: here right now

S,C: some day  
Molly: no-one's gonna break this feeling you were sent  
to me

S,C: this is as far as we've ever come  
Molly: here right now

S,C: but i know we've only just begun  
Molly: this is what we're living for

S,C: we're gonna see  
Molly: this is when we give into the moment and let go

S,C: i know life isn't always fair  
Molly: here right now

S,C: this time we're gonna welcome prayer  
Molly: everything we're dreaming of  
is coming through  
if we step up and own it let it flow

S,C: we should be

All:  
here right now  
here right now
