Now, I'm still here to love you  
But I need you to be ready  
One day you have to carry me  
And lay me down to the hole  
It's a shame I'm not the light you need  
When you feel lost in the dark  
It's a shame you can not follow me  
When I need to be understood

I am not the one to tell the truth  
Not the one to tell a lie  
Is this the heaven I knew or just another hell  
Hear the storm rising again  
And I'm just a grain of sand

Storm is fading away  
Leaving dust flowing in the air  
Watching the view still unknown  
Can not remember this place  
Feel your hand in mine  
Or is it just a feeling  
How deep have I fallen this time  
Can I still climb back

I'm not the one to tell the truth  
Not the one to tell a lie  
Is this the heaven I knew or just another hell  
Hear the storm rising again  
And I'm just a grain of sand

Feel the storm rising again  
I can hear it inside my head  
Again I had to let you go  
But remember what I said  
I needed this time for myself

To find out what went wrong  
Even though the years have gone by  
I still don't know you

I'm not the one to tell the truth  
Not the one to tell a lie  
Is this the heaven I knew or just another hell  
I'm not the one to tell the truth  
Not the one to tell a lie  
Is this the heaven I knew or just another hell  
Hear the storm rising again  
And I'm just a grain of sand
