Hey job  
You sure got it figured out  
She loves you so  
At least that's what she said  
And God took a toll  
And showed you what it's all about  
Oh, hey job  
You always do what you're told  
You poor young fool  
You should never listen  
To what they preach  
To keep you on a mission of hate  
And, dare I say  
Your brother's got a big mouth  
And dare I say  
So what

Do what you want  
And make the fuckers pay  
And don't waste your time  
And sleep your life away  
I always meant to tell you  
I don't like you anyway  
And dare I say  
Dare I say

Quand arrive minuit et que la lune est belle  
On voit alors dans le ciel arriver les morts-vivants  
Ils sont vÃ©fÃ©tus de vieux oripeaux de misÃ©fÃ©reux  
UsÃ©fÃ©s par le temps et brisÃ©fÃ©s par les ans

On les accueille avec joie:  
Ils sont notre espÃ©fÃ©rance,  
Notre raison de vivre,  
Notre source seule de jouissance...  
Dis-moi, toi qui semblait avoir mille ans,  
Raconte-moi comment c'est dans le ciel, comment...  
Raconte-moi si les Ã©fÃ©toiles sont d'or  
Raconte-moi, raconte-moi comment...  
Do what you want  
And make the fuckers pay  
And don't waste your time

And sleep your life away  
I always meant to tell you  
I don't like you anyway  
And dare I say  
Dare I say

Ce n'est rien de tout cela  
Fais comme "j'suis juste endormi  
Dans les bras d'une belle amie"  
Tu te laisserais bercer  
Comme un enfant nouveau-né  
En pensant à sa tâtâe  
En pensant à sa tâtâe

Do what you want  
And make the fuckers pay  
Boys and girls are different  
In a certain kind of way  
I always meant to tell you  
That I wished you'd go away  
And dare I say  
Dare I say

Do what you want  
And make the fuckers pay  
And don't waste your time  
And sleep your life away  
I always meant to tell you  
I don't like you anyway  
And dare I say  
Dare I say
