I like what your t-shirt says
I'm with stupid and stupid's with me
Let's climb to the top of the state bridge
And see how stupid we can be, be

'Cause this is the first song
But definitely not the song
I know that you are liquid
For I'm the governess of alone

The things I've imagined to do
Would really quite astound you
I don't do 'em, I just feel 'em
And two times two is chicken

I am your state of mind
I am your state of mind
So why can't you be

Exactly like me?
Exactly like me?
Exactly like me?
Exactly like me?

Exactly like me?
Exactly like me?
Exactly like me?
Exactly like me?

Like Madonna, so emotional
No car wreck, suicide
The stairway so unclimbable
No house to hide inside

Your house, your house
Your house I will explore
Your cold marble floors and secret doors
The fine lines of your architecture

And if you need me
I'll come and see thee, I'll be your visitor
We'll play kissy kissy and have a baby

And figure out what we're alive for

I am your state of mind
I am your state of mind
So why can't you be

Exactly like me?
Exactly like me?
Exactly like me?
Exactly like me?

Exactly like me?
Exactly like me?
Exactly like me?
Exactly like me?

Exactly like me?
Exactly like me?
Exactly like me?
Exactly like me?

Exactly like me?
Exactly like me?
Exactly like me?
Exactly like me?

Exactly like me?
Exactly like me?
Exactly like me?
Exactly like me?

Exactly like me?
Exactly like me?
Exactly like me?
Exactly like me?
