I'm passed out on the overpass
Sunday best and broken glass
Broken down from the bikes and bars
Suspended like spirits over speeding cars
You and me were kings over the parkway tonight
And tonight will go on forever while we
Walk around this town like we own the streets
And stay awake through summer like we own the heat
We're singing
"Everybody wake up"
(Wake up)
"It's time to get down."
(Everybody wake up, it's time to get down)
And when I pass the bottle back to Pete
On the overpass tonight, I bet we laugh
I'm gonna stay eighteen forever
(Cut me open)
So we can stay like this forever
(Sun poisoned)
And we'll never miss a party
(This offer stands forever)
'Cause we keep them going constantly
And we'll never have to listen
(New haircut)
To anyone about anything
(New bracelet)
'Cause it's all been done and it's all been said
(Eyeliner)
We're the coolest kids and we take what we can get
(Wait forever)
The hell out of this town
And find some conversation
The low fuel lights been on for days
It doesn't mean anything
I've got another 500
'nother 500 miles
Before we shut this engine down
We shut it down
We shut it down
I'm gonna stay eighteen forever
(Cut me open)

So we can stay like this forever
(Sun poisoned)
And we'll never miss a party
(This offer stands forever)
'Cause we keep them going constantly
And we'll never have to listen
(New haircut)
To anyone about anything
(New bracelet)
'Cause it's all been done and it's all been said
(Eyeliner)
We're the coolest kids and we take what we can get
(Wait forever)
(You're just jealous cause I'm young and in love)
Eighteen forever
(Your stomachs filled up but you're starved for
conversation)
So we can stay like this forever
(You're spending all your nights growing old in your
bed)
And we'll never miss a party
(And your tearin up your photos 'cause you wanna
forget... it's over)
'Cause we keep them going constantly
(You're just jealous cause I'm young and in love)
And we'll never have to listen
(Your stomachs filled up but you're starved for
conversation)
To anyone about anything cause it's all been done
(You're spending all your nights growing old in your
bed)
And it's all been said
(And your tearin' up your photos cause you wanna
forget... it's over)
(You're just jealous cause I'm young and in love)
Eighteen forever
(Your stomachs filled up but you're starved for
conversation)
So we can stay like this forever
(You're spending all your nights growing old in your

Just jealous
