Do you ever wish you were somebody else?

All the time.

Why, don't you like yourself?

No, it's not that. I mean it's just not what you thought it would be. I mean, my old man, he used to sit and he'd go, "I don't know." I mean, he'd just be sitting there and he'd say, "I don't know". And I'd say, "What daddy? What don't you know?" And he'd say, "I don't know". [Have you ever thought](?) that you'd go, "I don't know, I don't know. And I guess you never do figure it out."

Don't you like yourself?

No, it's not that. I guess, in some way, you fucked up. In some way down the line, something went wrong and you spend the rest of your life trying to figure it out.
