Locked in a cold room, and I'm alone waiting to hear  
from you, chained to the phone  
Life is a journey, love never lasts that's what they tell  
me  
but I've never asked  
Just to know you looked away from me,  
when I needed you the most  
I don't want to live with out you  
I don't want to die alone  
I hope things work out for you

My lonely desert rose,  
My lonely desert rose

Rain keeps on falling but only on me  
Lost in a winter of your memories  
Just to know you walked away from me  
when I needed you the most  
I don't want to live with out you  
And I don't want to die alone  
I hope this all works for you  
My lonely desert rose  
I hope this whole thing works out for you

My lonely rose

Today it didn't hurt as much, I could almost breath, I  
could almost touch  
But still I keep your heart with in my chest  
Pain iv known is laid to waste,  
Lost in a sun-set thinking of you  
Who are you with now? And what did I do?  
Just to know you turned away from me  
when I needed you the most  
I don't want to live with out you  
And I don't want to die alone  
I hope this whole thing works out for you  
My lonely desert rose  
Lonely desert rose
