(The lesson you are about to receive, to full place our feet. To full of... The lesson you are about to receive.)

Come one, come all!  
Bare witness to the shittiest show on earth

American idols lip sinking zeros  
kids watching MTV looking for heroes  
N'sync was Backstreet  
Britney verse Ashley  
Axl Rose and Michael Jackson's nose

I don't think I've ever cared  
I don't think I ever will  
Who the fuck was Fred Astaire? (who?)  
And who the fuck are you?

Even if you erased everything  
And covered up the stains  
I'd still be the one here  
Questioning if anything's arranged

Hey kids rock in roll  
shake hands with the devil and sell your soul  
Hey kids ask me "why?"  
everybody's gotta die

Bush buys his voters  
Free love is over  
Anna Nicole's lost weight off her shoulders  
Cell phones with belltones  
Hootie and Manson  
Puffys now Diddy and Lopez hates Affleck

I don't think I want to know  
I don't really fucking care  
Take the rumors and the lies  
And shove 'em up your ass

Even if you erased everything and covered up the stains

Hey kid's rock in roll  
Shake hands with the devil and sell your soul  
Hey kid's ask them "why?" everbodys gotta die  
Hey kid's rock in roll  
Shake hands with the devil and sell your soul  
Hey kid's ask them "why?" everbodys gotta die

Ladies and Germs  
Direct your attention please  
To the center ring  
And behold  
The 13th wonder of the world  
The three headed jelly spine  
Of the nation, we call life

Breaking news, the savior is coming  
Everybody run from what you are becoming!

Hey kid's rock in roll  
Shake hands with the devil and sell your soul  
Hey kid's ask me "why?" everbodys gotta die  
Hey kid's rock in roll  
Shake hands with the devil and sell your soul  
Hey kid's ask them "why?" everbodys gotta die
