I want to fuck you. (x6)

You.

I want to fuck you.

You.

Searching through your boundaries,
Take away your pain,
Look at me the android whore,
Dream of me,
The perfect place.

Lay you down against your will,
And gently I define you.
One brain between two heads.
The fantasies that I provide you. (x2)

FUCK
I wanna fuck you.
FUCK
I wanna fuck you.

What kind of car do you drive?
Do people read about you?
What kind of money do you spend?
Can you increase my value?

Lay you down against your will,
And gently I define you.
One brain between two heads.
The fantasies that I provide you. (x2)

Your lips, your hips your eyes€! your fucking mine.
(x4)

Searching through your boundaries,
Take away your pain,
Look at me the android whore,
Dream of me,

The perfect place.

Lay you down against your will,
And gently I define you.
One brain between two heads.
The fantasies that I provide you. (x2)

Your lips, your hips, your eyesâ€¦ your fucking mine.
