Someone come and save me
Cause I'm all out of time
Someone help me to see clear
Cause I can't walk in line
Would someone fuckin slap me
And help me to believe
Cause no one ever told me
So I can never see

You forced me to be so cold and empty
I'm tired of feeling ugly
But this is what you made me
The devil's in the details

You can peel my skin back
But you can't see my face
You can pull me backwards
But I will never break

I've tried to dull my senses but I can't dull my tongue
I hide behind the walls I made but I just cannot run
The devil's in the details

You forced me to be so cold and empty
I'm tired of feeling ugly
But this is what you made me
The devil's in the details
You forced me to be so cold and empty
I'm tired of feeling ugly
But this is what you made me
The devil's in the details

(So ugly, so ugly, so ugly, so ugly)

You forced me to be so cold and empty
I'm tired of feeling ugly
But this is what you made me
The devil's in the details
You forced me to be so cold and empty
I'm tired of feeling ugly
But this is what you made me

The devil's in the details

The devil's in the details

The devil's in the details
