It all looked good and I was mesmerized  
I threw a caution in the wind  
I was overlooked and I was sacrificed  
My body's drowning in the sin

You can count on me  
Things will never be the same  
Own enemy in this fool's game

I saw your true Face of Evil  
It's a cliché but it was calm before the storm  
You showed your true Face of Evil  
It's a sin, consider yourself to be warned

Don't crush the bones you want them pulverized  
But you're way too weak to stand your ground  
You act so hurt, you act so victimized  
You throw a bone to a poor to eat

You can count on me  
Things will never be the same  
Own enemy in this fool's game

I saw your true Face of Evil  
It's a cliché but it was calm before the storm  
You showed your true Face of Evil  
It's a sin, consider yourself to be warned

[Solo]

You can count on me  
Things will never be the same  
Own enemy in this fool's game

I saw your true Face of Evil  
It's a cliché but it was calm before the storm  
You showed your true Face of Evil  
It's a sin, consider yourself to be warned

I saw your true Face of Evil  
It's a cliché but it was calm before the storm

You showed your true Face of Evil  
It's a sin, consider yourself to be warned
