- * The Cancer: This lucid existence is my evolution.
- * The Skeptic: So a lucid position? Well that can't be.
- * The Cancer: It's a dream that seems just like,
just like reality, where I can be whatever I want to
be. It's easy to see why they all love me.
Everything is simple, and you can't help but feel free.
- * The Skeptic: So this lucid existence leads into a
lucid a lucid position? Well now I cant breathe.
- * The Cancer: It's a dream that seems just like,
just like reality, where I can be whatever I want to
be. It's easy to see why they all love me.
Everything is simple, and you can't help but feel free.
- * The Skeptic: What if this dream becomes a
nightmare,
and I can't escape the fear?
And it becomes a dream that seems just like reality,
where have a mountain of burdens on top of me,
and nobody even notices I can't get free,
and you can't help but feel so empty.
- * The Cancer: I know your name and number
- * The Skeptic: I can't escape this fear
- * The Cancer: I know your name and number
- * The Skeptic: I awake to hear!
