I don't mean to sound mean,
When I talk about the day.
I believed every single
Word she said,
But things changed, like she changed
Something's not the same
Found the things she said and didn't do
Were never true cause

She's a liar
That won't expire
Fools with desire
Leaves you behind
She didn't break me,
She said - can't you see
We could never be
Because you're crazy
Sure I'm crazy
Only crazy would think
That you could change forever
She would lie even if
The truth sounded better
Never tell someone you love them
When they love you because
They will die when they hear the truth

She's a liar
That won't expire
Fools with desire
Leaves you behind

She's a liar
She's a liar
She's a liar
