Zorak:

Bad bug bad bug  
Watcha gonna do, better surrender when I come for  
you  
Bad bug bad bug  
Watcha gonna do, talk to my lawyer gonna have him  
sue  
"I got me a dog, her name is Sue!"  
I'm an evil mantis, who won't be kind  
Gonna shoot my laser at your big behind  
"Shoot his laser at your big behind!"  
I'm a big green bug who's feeling blue...  
'Till the day comes when I conquer you  
Bad bug bad bug  
Watcha gonna do, watcha gonna do when I come for  
you  
Bad bug bad bug  
Watcha gonna do, whaddya gonna do when I  
overthrow you

I'm green I'm olive, I'm shar-truce  
I'd love to stay one color, but what's the use?  
I'm forever stuck in this prison pod  
Insulting the clown with the whale-bod  
Hey kiddies, Space Ghost went to the zoo the other  
day....  
And he looked so fat in his costume the elephants  
started throwing HIM peanuts!  
Mwahahahahahahaha....heh heh heh heh.....  
(enter Space Ghost)  
Bad bug bad bug  
Watcha gonna do, watcha gonna do when the Ghost  
zaps you  
Bad bug bad bug  
Watcha gonna do, watcha gonn do when you're  
barbequed? \*Zap\*  
Ha ha ha ha ha ha ha!
