Yeeeeeah...

I love you baby.
I love the way that you walk.
I love you baby.
I love the way that you talk.
I really like it when you call my name...
Hey Brakky Wakky

Oooohh.
I like you sister.
I like your Aunt Louise.
I like your doggy, Hey I even like its fleas.
I really like it, when you tickle me...
hehehehe stop it.

Somebody left a cake, out in the rain.
Ohhhh Nooooooooo.
I was gonna eat that cake.
But now its all wet, I Dont think I want any.

We could get Married, Just the two of us.
You could get a job driving a school bus.
I love you baby.
Will you marry me?

You dont have to decide right away.
Think it over.
Whos it gonna hurt?
Where ya going?
