I have a magic toenail  
I keep it on my foot  
Its always there to rescue me  
When something goes kaput  
It has the cutest cuticle  
Free of all disease  
As toenails go,  
Its really quite extra-ordinary  
Thank you, thank you  
Thank you magic toenail

I love my magic toenail  
Its magical and good,  
Sometimes i'll take my magic toenail to lunch  
And give it a sandwich  
Because it likes to eat the sandwiches

Thank you, thank you  
Thank you magic toenail

I love you magic toenail
