No one is the boss of me  
Brak's too ugly for TV  
Have you met my girlfriend Bob?  
Smell you later, get a job

Smell you later, get a job  
Smell you later, get a job  
Smell you later, get a, job.....

I'm the king of outer space  
Do I have something on my face?  
I just ate the Beastie Boys  
Come on Fuzzy, makes some noise

I am Zorak, hear me roar!  
Had enough? I'll give you more  
Pull my finger, here's a plan  
You be Chico, I'm the man

You be Chico he's the man  
You be Chico he's the man  
You be Chico he's the, man.....

Let's go down to Chinatown  
Press a duck, kick a clown  
Play some Bachi with the mob  
Smell you later, get a job

Smell you later, get a job  
Smell you later, get a job  
Smell you later, get a, ja-ha-ha-ha-b

Smell you  
Smell  
Smell
