This is a story of a player from the Island
That lost his way, such a price to pay
To kiss those girls and make them cry
Kiss those girls and make them cry

To love, to lose, to plead for a do over
A do over, give me a do over, I want a do over
It's that Radio Raheem and Ghostface Killah

If you know I was out of line, I miss you like all the time
And if you don't wanna see me, fine
A good girl's hard to find, so maybe in due time
Can I get a do over? Can I get a do over?

Aiyo, I used to get a threesome, every other weekend
Cheated on my girl 'til we nearly stopped speaking
She broke down and cried and it hurts so bad
Her friends went and told her I was a brand new dad

Of course, she knows now, I ain't used no bag
My excuses, I couldn't cum like that
She warned me of days like this, if this should happen
She'll be out and we'll be the ones sharing the napkin

Silly dilly me, didn't follow the instructions
Don't bring nothing home, I don't wanna hear nothing
But brought to the world
Innocent, two month old little girl

But what am I to do? Yo, I lost my boo
It's like being kicked out the group and lost my crew
Throwing the baby up to someone I hardly knew
Nah, that shit don't add up, what am I to do, yo, I lost
my jewel

If you know I was out of line, I miss you like all the time
And if you don't wanna see me, fine
A good girl's hard to find, so maybe in due time
Can I get a do over? Can I get a do over?

Aiyo, aiyo, aiyo, I wrote this right here on the bus to
Riker's

Right next to the thieves, the cons, the lifers
For mad years, you held you down, I'm overwhelmed
in pain
And the worst time to leave you, now

I'm sorry, please forgive me, the streets caught me
I appreciate your concern and support for me
Most important your honesty and trust, your heart's
incredible
This the truth spilling out of my guts

If I would of took the chance to see
What was place right in front of my face for sure nine
out of ten times
My actions wouldn't allow me to be so naive
And blind to carry out these mistakes

I'm cheating, running around, blasting my gun
For me my rep on the streets like touching a son
You're like a fingerprint, I never find a match like you
Thanks for your patience you find a man I hope it's true

If you know I was out of line, I miss you like all the time
And if you don't wanna see me, fine
A good girl's hard to find, so maybe in due time
Can I get a do over? Can I get a do over? Radio
Raheem, yeah

She was screaming out the window, I was walking up
the block
Throwing out my Timbos and all my clothes
She said, if my apologies
She said, the lost won't fit those

And I said, baby, now let me explain
I know I had fucked up, it was a one time thing
So take all the time you need in this life
And if you let me do it over I promise to do it right

If you know I was out of line, I miss you like all the time
And if you don't wanna see me, fine
A good girl's hard to find, so maybe in due time
Can I get a do over? Can I get a do over?

Hello baby, I'm sorry for everything that just been
going on lately
You know, I've kinda been stressed out
I've been thinking about the things I did to you lately
and
Not listening when you was telling me to chill
Now I wind up in here, it's like, you remember, listen

boo, listen

The way you rub my face, the way you talk to me
The way you look at me, I know ain't no girl in the world
Gon' ever give me that like the way you gave it to me
So right now I'm pleading and this is my word on
everything
I'm on my knees, babe, just take me back, give me one
chance
I'm asking for a do over
