[Verse 1: Ghostface Killah]

Yo, it's Tony Starks the don, the face of a killer
The voice of the past and presence, I speak thrillers
Rock a purple robe, crush them with 24 karat gold
The chain is chunky like the neck of a monkey
Glass slipper, my [?] is made from lion skin
King of the jungle, ain't shit about me humble
Rock a black panther hoodie, nigga, made from
panther skin
I'm black on the outside and black within
The hood superhero, the motherfucking Don Dada
The Don Wilson, nigga, I do what I gotta
I'm a boss, them De Lucas trying to front on my skin
tone
I left the fam to start a fam of my own
A black Italiano, big pinky rings from Sicily
I move like the don of the fam, it's officially
War time [?] on some black avengers
Shadowboxing with killers that move like ninjas

[Hook: Ghostface Killah]

I declare war, war on De Lucas
Bulletproof jetplanes, nigga, you can't shoot us
Can't stop my reign or terrorize the power
Tony Starks, new king of this crown, y'all better cower
War, war on De Lucas
Bulletproof jetplanes, nigga, you can't shoot us
Can't stop my reign or terrorize the power
Tony Starks, new king of this crown, y'all better cower

[Verse 2: Masta Killa]

I'm prepared to go to war for the battle of supremacy
There's nothing now to remedy this decision
The only thing left is the loyalty of the family
Cause once we establish the power they gone turn sour
And use everything in their power to shut us down
We've come to far to turn around Ton'
Got a new connect, Don Stone
Flew his private jet from Rome to talk business
He heard about your crime saga poems looking to
invest millions

It's up to you Tony, this move can make us both rich
The crew is on cocked and ready to rock steady
It's non-stop hustling, flow of their own casino
[?] Tarantino
It's Wu Gambino for life, you know how we go
And to the last death blow, mi amigo

[Hook: Ghostface Killah]

I declare war, war on De Lucas
Bulletproof jetplanes, nigga, you can't shoot us
Can't stop my reign or terrorize the power
Tony Starks, new king of this crown, y'all better cower
War, war on De Lucas
Bulletproof jetplanes, nigga, you can't shoot us
Can't stop my reign or terrorize the power
Tony Starks, new king of this crown, y'all better cower

[Outro: RZA]

Born into a world with violence, death and destruction
surrounding him at
every turn. Tony Starks took control of his own destiny
and expired to
become one of the foremost leaders of the criminal
underworld. Regardless
of his will, and the ability to run the streets with
invincibility, there
were still those who chose to stand in his way.
