Have you ever thought that the sky was just endlessly
dark?
And then look up and see a million stars
Have you ever been scare off the water it's stuck on the
edge?
And then you dive in, how quickly you'll forget

You know fears, they capture the way, get by
Now that I'm back in the light, so warm I feel it like a

Wave of love coming over me
Got greater drop fall and I'm on my knees
Got the sound of you ringing in my ears
Sun coming up on another day
Got a second hand change gonna do it again
Got rainbow colours and no more rain

(Rain) no more
(Rain) no more
(Rain) no more
(Rain) no more

Have you ever dreamed you were flying until you look
down?
You never moved an inch feet firmly on the ground
(feet on firmly on the ground)

Our love carries a hurt that you hold
Funny how live can unfold, oh yeah I feel it like a

Wave of love coming over me
Got greater drop fall and I'm on my knees
Got the sound of you ringing in my ears
Sun coming up on another day
Got a second hand change gonna do it again
Got rainbow colours and no more rain

(Rain) no more
(Rain) no more
(Rain) no more
(Rain) no more

Wave of love coming over me
Got greater drop fall and I'm on my knees
Got the sound of you ringing in my ears
Sun coming up on another day
Got a second hand change gonna do it again
Got rainbow colours and no more rain

Wave of love coming over me
Got greater drop fall and I'm on my knees
Got the sound of you ringing in my ears
Sun coming up on another day
Got a second hand change gonna do it again
Got rainbow colours and no more rain

(Rain) no more
(Rain) no more
(Rain) no more
(Rain) no more
