Her face glow like I was exposed to sunlight  
She's happy, her hair, toes and nails is dumb right  
The smell of her fragrance, baffled my nostrils  
I can see through her eyes, she's feeding on in the possible

She blushes as I kept splashing her compliments  
Polite thank yous is all around she crush the mints  
Developments, smooth keys from the piano  
Changed the mood like we changed the channel

This is art Picasso I got him beat in the flesh  
I'm staring at beauty Nefertiti heaven bone in the chest  
Yes, everywhere she step went off like a flare gun  
Stilettos on parquet floors

Miss thing, she's a fierce one, two and three  
Bad little mama she built like Alicia Keys  
No facade, her strut is hard, based on books by  
Intelligent jail crooks writing to let the time fly

She dropped the bracelet, I kneeled down  
Prestigious gentleman, with my right hand I picked it up  
I stood up, to the cutest eyelashes as I gave her her  
jewels back  
Miss thing started rubbing her gut

Excuse me are you pregnant? Not to be rude  
But if it means anything I can get you some food  
Cheese crackers, in the back there's sauteed shrimp  
Nah, I never free lumps, I'll be as big as a blimp

See my due date is January my first and it's kinda scary  
It's only June, in Christmas I'll be getting married  
And I'm happy, excuse me, what's your name?  
Tone Starks, peace, I'm Gabby

Well, I gotta go my husband is waiting  
But before I go can I give you one last statement  
You the most beautifullest queen I ever seen  
And I would love to have a thing like you on my team,  
you take care

Any other day I would of just let you, pass me by  
'Cause I see you got situations and I've got mine  
But baby it's okay, it's alright, I'm not gonna let you  
pass me by  
'Cause this was love at first sight  
'Cause this was love at first sight, it's okay

You can tell he must be on a mission  
Because my heart has made it's decision  
As soon as you stepped in my peripheral vision  
I fell in love, sweet love

And no infatuated 3D glasses to see  
That you're the one I need  
And the situation don't matter to me  
'Cause this is love, it gotta be love, love at first sight

Any other day I would of just let you, pass me by  
'Cause I see you got situations and I've got mine  
But baby it's okay, it's alright, I'm not gonna let you  
pass me by  
'Cause this was love at first sight  
'Cause this was love at first sight, it's okay

Any other day I would of just let you, pass me by  
'Cause I see you got situations and I've got mine  
But baby it's okay, it's alright, I'm not gonna let you  
pass me by  
'Cause this was love at first sight  
'Cause this was love at first sight, it's okay
