(Intro)

(x2)

Bells of glory, please remain the same

Winds of fury, cycle in the rain

Cycle in the rain, with the span of time

Through the frame of mind the winds remind

If anybody knew the time would sit and show me

Then the time would never start anew

If anybody knew the time would sit and show me

Then the time would never start anew

(Verse)

Ay yo, revenge is sweet

That's why I take my time with it

Like good pussy I just stay when I'm up in it

Evil plan, my mind functions well off spite

I don't do that tit for tat, I blow your shit up like  
dynamite

Take my life, I'll take every one of y'all

Have your kids thrown out of a plane, 'look out cus'

My plots are like movie scripts, they well planned

Snatch you off the land and drop you off in the sahara  
sand

So don't scam me, don't try to double cross me

Like Tennessee ghouls, I'll nail that ass to the cross, b

Revenge mode, I live life by the sword

And if you live by it, die by it, I'll still kill your horse

Set me up, coming back, like a thief in the night

I'll have a suicide bomber pop up on your flight

You couldn't take my life

My mass done resurrected

And I'm ghostface killah, way more than you expected

(Hook)

Those who fear his return, must face the catastrophe

(Verse)

Yes but what they didn't expect

A hundred ghouls from the projects armed and

masked  
With flamethrowers and gas'll blast anything  
Hung him by his tongue ring  
Til he gave the info on how we find his kinfolk  
Made him sound the ransom then gave the dope to his  
grandson  
Bust the shot and made him run fast, back to his family  
News of his discovery would set off a chain of events  
That would then lead to members of DeLucas to bleed  
with no exception  
They sip the raw muscles so kill everything, no  
exception to the media  
There would not be a retire or cease fire  
Til every Luca has expired in entirety  
Wishes of the god Tone Starks to eternity  
Respectfully

Cutthroats, nosebleeds, and killings were synonymous  
With his gangsta life before his passing  
So it'da only seem fitting that it would become  
The embodiment of his new life

(Verse)

I keep having flashbacks of blasting natural gats,  
cutting outside the benches  
Got convicted of the gun charge and laughed at my  
sentence  
Four years, five flat post-release supervision  
For niggas spitting in the wind, but that's what I get for  
missing  
So soon as I hit the bridge again, niggas is finished  
Ninja mode on a mission out to HH sisters  
Think I'm sitting up in prison  
With a tin of L, in a cell, sick ass hell, listen  
Everyday is like christmas, I miss my seed and my  
missus  
But I see em on visits, I ain't stressing over pussy  
Beat my dick to her pictures  
When they free me I'mma see you leaving food for the  
fishes  
Hope the Luca crew is in for the fixing  
Now get the henchman, line em up  
Zombie gun em down the muzzle extension  
Tear they flesh off for one of em flinching

(Hook)

Those who fear his return, must face the catastrophe  
The Catastrophe

Those who fear his return, must face the catastrophe  
The Catastrophe
