

# Ghostface Killah "Slow Down"

Visit "[Slow Down](#)" on MotoLyrics.com

This life will fade away, so I'd appreciate  
Each moment of each day  
Life's quick, don't flip, move slow you're rushing it

Looking lavish, I lace all my bunnies with carats  
Spending millions then making music, I pay for the  
clearance  
'Cuz tomorrow ain't promised and my bank roll is  
burstin'  
Connects with Aston Martin

I be the first in that prototype truck with the space  
navigation  
Cost of living go up, I just go on vacation  
Fresh oxygen tanks, got world renowned surgeons  
Plush robes made from suede and knitted by virgins

First breath of the day could be my last  
So I flash, give my niggas some cash, I just pull out the  
stash  
Buy a million dollar piece like I buy a pack of C's  
You buy oz's of haze, I buy a forest full of trees

This life will fade away, so I'd appreciate  
Each moment of each day  
Life's quick, don't flip, move slow you're rushing it

Order that bottle of that Louis the 13th, plus some Don  
P  
I got a bunch of chicks that love to get raunchy, see  
Tone double dippin', I nut like Flanders  
Ask Tavia and Chavon, I got them both goin' bananas

Buying frosted bracelets, Louis Vuitton duffles  
French vanilla ice cream and hot apple pie truffles  
Fly Mica to Costa Rica, I got a crib on the beach  
With underwater lights and surround sound speakers

Pet cheetahs, tiger sharks and dolphin feeders  
Fly French maids, serving Grey Goose by the liters  
Got Felicia and Tequisha, Krystal with Katie  
Little Precious picking my poppy seeds out in Haiti

This life will fade away, so I'd appreciate  
(Slow down, I need money though)  
(Know what I'm saying? This is what I do, on the streets)  
Each moment of each day  
(Ya know what I mean? Babies need Pampers, man)  
Life's quick, don't flip, move slow you're rushing it  
(You know what I'm saying? I don't know)  
Slow down, slow down  
(I think about it)  
Slow down, slow down

Slow down, slow down  
(I think about it, ya know what I mean?)  
Slow down, slow down  
(Responsibilities, I've gotta focus more)

Slow down, slow down  
(You might be right though, you know)  
Slow down, slow down  
(Maybe things'll start coming to me naturally, feel me?)

Slow down, slow down  
(Starting praying more)  
Slow down, slow down  
(Ya know what I mean? Be with the family more)

Slow down  
(And I might live longer, you feel me?)  
(Word, it feel like you right, though)  
Slow  
(I don't know)  
Life's quick, don't flip, move slow you're rushing it  
(I'ma take your advice though)
