Im strutten down the boulavard i stop and grab a drink
The pusher man comes sliding up says boy got what
you need
I got ups and i got downs
The whites and the greens
Do you toke i think you smoke
I said man that aint for me
Just give me the beat
Thats all i need
Just give me the beat
Thats all i need

About that time a caldilac comes bumbin down the
street
Hits his breaks and pops the trunk says this you got to
see
Ive go chains and diamond rings a tracks and lp's
Do you like my merchandise says still that aint for me
Just give me the beat
Thats all i need
Just give me the beat

Thats all i need

(scream) night loss (bridge)

He throws his cape around my back says kid just come
with me
You havent seen my stable yet got every kind of breed
Step inside and meet the girls sheela and jolene
Legs for days they go both ways still that aint for me
Just give me the beat
Thats all i need
Just give me the beat
Thats al i need
