I see the sunshine
It's down on you
I find a lover
I cannot do

I keep a strong hold
I keep a rope
I keep a tight line
It's under you

I shatter places
They will not lie
Into the bruises
Into the pride

I got the soul now
I got the sane
Summer til' the winter
That will not break

I see the places
They're on the blow
Spendin' and spendin'
Until it shows

I see the buyer
It's coming close
Summer til' the winter
Let's just let go

Let's just let go
Let's just let go

All my? givin' on
All my? givin' on
